

PAR38 DUSK TO DAWN

PRODUCT DESCRIPTION:

This Energy Star certified PAR38 LED lamp features a built-in photocell that detects daylight and turns the bulb on in the evening and off at sunrise for enhanced security and energy savings. Wet rated and suitable for use in enclosed fixtures, this 120-watt halogen equivalent lamp can be used to add bright, crisp functional light to a variety of interior and exterior applications, including basements, garages, porches and decks.

FEATURES:

- Suitable for enclosed rated fixtures
- Wet Rated
- L70: 25,000 Hrs
- Base: E26
- Non-Dimmable

WARRANTY:

5-year standard warranty
(further details available at www.maxlite.com/warranties)
Product may be eligible for a warranty extension to 10 years, for an additional fee. Contact MaxLite for details.

CAUTION:

Not for use with diffused covers or lenses.
Diffused covers or lenses may cause malfunction.
