LAMP READY LINEAR UTILITY STRIP
LSS SERIES

LSS1XT5

LSS2XT5

PRODUCT DESCRIPTION:

The Lamp Ready Linear Utility Strip provides distributors, contractors, and buyers with a UL listed fixture designed specifically for energy-saving LED T5 lamps. The fixture housing is constructed of the same durable material as commercial- and industrial-grade fluorescent versions, while adding flexibility and economy for installers in the field. Ideal for task, assembly, warehouse, and other general indoor lighting applications, the Lamp Ready fixtures support competitive light output when used with MaxLite brand T5 LED single ended lamps.

Single ended T5 LED internal driver lamps (4') must be purchased separately from MaxLite for this product.

FEATURES:

- ***Lamps sold separately***
- Lamps not included
- Five years standard warranty on parts, material, and workmanship
- Lead wires are 7' for tandem wiring
- Sockets are wired in series via non-shunted sockets
- Operating humidity 10% to 80% RH non-condensing
- Suitable for Damp Locations

CONSTRUCTION:

- 24 Gauge Steel, white post painted baked on enamel
- Damp rated housings
- Supplied with ONLY non-shunted sockets and single ended wiring configurations. For questions contact MaxLite
- 600V rated UL Listed sockets

CONTROL:

- Optional occupancy sensor available* (on/off)
- MSO option is only for the 2 lamp strip

WARRANTY:

5-year standard warranty
(further details available at www.maxlite.com/warranties)
Product may be eligible for a warranty extension to 10 years, for an additional fee. Contact MaxLite for details.
